

REMARKS/ARGUMENTS

The Notice of Missing Parts indicated that under 37 C.F.R. § 1.821(a)(2), the application should have paper and computer readable copies of a Sequence Listing. Applicants submit herewith a paper Sequence Listing for use with the application. The sequences in the Sequence Listing are identical to the sequences disclosed in the application as filed so no new matter has been added. Additionally, a separate sheet requests the use of the computer readable form of the Sequence Listing from Parent Application No.: 08/327,525, filed October 21, 1994 (now U.S. Patent No.: 5,795,716. Accordingly the rejection is overcome.

Conclusion

If the Examiner feels that a telephone conference would in any way expedite the prosecution of the application, please do not hesitate to call the undersigned at (408) 446-8693.

Respectfully submitted,

Michael J. Ritter
